

Tammuz organization for social development cares for the Human general health

Tammuz organization for social development (Babil

Governorate branch) held an educative seminar to educate people about H1N1. The seminar dealt with the symptoms, dangers, and ways of protection from this disease.

The pathologist and scholar "Hayder Abdul Hameed" from Babylon University lectured in the seminar.

He mentioned that the H1N1 epidemic is rampant worldwide.

Abdul Hameed also discussed the ways to avoid the infection and

decrease the infection to a minimal

extend. Some women attended the symposium to express their worries

about their kids in the schools. There was also mentioning to the role of the

ministry of health concerning

preventing the people not to catch it primarily by educating them about

the dangers of that disease. One of the attendants inquired about the

herbs that are abundant in Iraq as a means to medicate and to improve

the human immunity against the disease .

Later, the attendants welcomed by Tammuz endeavor and came out with the following recommendations:
